

Tech for Communication Homework Task

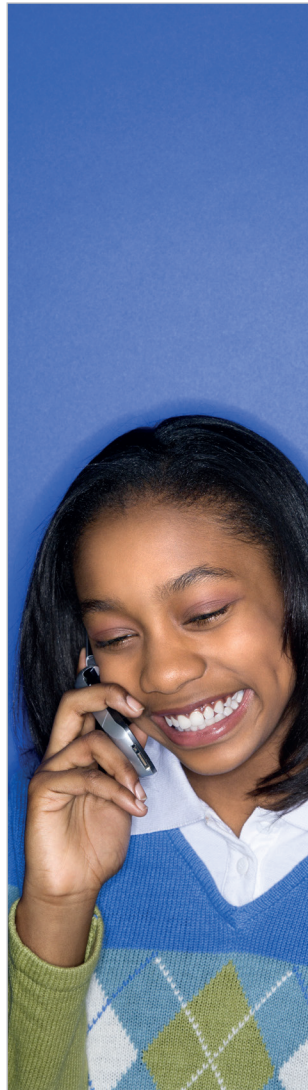

NAME

HOMEWORK DUE DATE

YOUR TASK

Complete a piece of research to show how the people around you communicate with each other. You could use the suggested questions or your own questions about communication. You will be presenting a summary of your findings to your group next lesson so you could make notes on this sheet or create tables and graphs to record your findings. Try to interview a wide variety of people – friends, classmates, parents, teachers etc.

SUGGESTED QUESTIONS

1

Which communication channels do you use most often?

2

How long, each day, do you think you spend communicating through tech?

3

How long, each day, do you think you spend communicating through speaking face to face?

4

Which channel of communication do you prefer to use for business/school work?

5

Which channel of communication do you prefer to use for friends?

6

How has communication changed in your lifetime?

7

If someone spoke another language to you, how would you communicate with them?
